OMARR'S WEEKLY ASTROLOGICAL FORECAST

By Jeraldine Saunders

ARIES (March 21-April 19): Suspicious can undermine results. You might run into someone who measures the chimney to see if Santa Claus can fit. Work hard to realize your dreams and accomplish much this week.

TAURUS (April 20-May 20): The simplest explanation is usually the correct one. Avoid serious one-on-one discussions during the week to come, as they might spiral into misunderstandings. Do your last-minute shopping early.

GEMINI (May 21-June 20): What you resist persists. Put all your reindeer in a row early in the week and avoid starting anything of significance. Existing responsibilities and commitments should take precedence.

CANCER (June 21-July 22): Maintaining good will could be a challenge, as someone might misunderstand what is said or twist your words during the week to come. Refuse to play along and don't retaliate; everything will turn out just fine.

LEO (July 23-Aug. 22): Make your point without turning it into a sword. Dwelling too much on a single issue could create misunderstandings and confusion. Concentrate on ways to be a Santa Claus during the coming week.

VIRGO (Aug. 23-Sept. 22): Trust in yourself. The visions of sugarplums dancing in your head could turn out to be a reality. Your perceptions are often far more accurate than you are willing to believe.

LIBRA (Sept. 23-Oct. 22): Tinsel and wrapping paper are easily blown away by the wind. These serve to remind you that popularity is fleeting. In the week to come, you should stick to your principles, living each day to the fullest.

SCORPIO (Oct. 23-Nov. 21): Unless you are royalty, you can't afford to complain this week. The story about the princess and the pea reminds you that it isn't wise to be overly sensitive to small irritations in the midst of plenty.

SAGITTARIUS (Nov. 22-Dec. 21): Status quo is the way to go. Stick to what you know and don't rock the boat this week by investing in anything except holiday gifts. Your unfolding creative talents might get favorable attention.

CAPRICORN (Dec. 22-Jan. 19): If you put something in front of children and tell them not to do it, they are tempted to do it. The last half of the week could be filled with temptations that you would be wise to avoid.

AQUARIUS (Jan. 20-Feb. 18): If you were clothes, you would be the new style. Just don't count on your popularity seeing you through every situation this week, as some people may view you and your actions with a somewhat critical eye.

PISCES (Feb. 19-March 20): A rising tide lifts all boats. You are sensitive to the trends and can recognize the latest movements within your profession. You may be filled by a generosity of spirit in the week ahead that helps you rise financially.
